

# COMMERCIAL VEHICLE COMPLIANCE PTY LTD

**What to do next after the inspection?**

Once your vehicle passes the inspection, please allow 48 to 72 hours for processing then a blue modification label and a declaration form will be sent out to your address. Please be aware that the blue label will only be dispatched once the outstanding invoice has been paid.

If the vehicle requires further rework, we will notify via email regarding the pending modifications needed. Please note that the blue modification label will only be issued after we have received photos confirming the completed reworks. Please allow 48 to 72 hours from receipt of all requested data and payment for processing.

Fit the label to your vehicle. Label to be fitted near the vehicle's ID plate on the permanent structure of the vehicle. If the vehicle is over 5t GVM and has a options of a 50mm towball, then fit the yellow towbar labels as instructed.

Return a signed copy of the declaration form and photo of all labels fitted to [info@cvc.net.au](mailto:info@cvc.net.au). Note these photos must be readable. Please allow 2 to 3 business days for processing of the Part C of the eVASS.

Once approved the eVASS will be emailed to you. You must present the vehicle and paperwork to VicRoads for processing. The vehicles modifications are not approved until the Registration database is updated

**End**
